

# Minor Damage Insurance

Protect and maintain your new vehicle's bodywork

**ingeni**  
services

*Specialist Insurance Protection for Motorists*

*Maintain the immaculate appearance of your new car's paintwork.*

## How it works

There's nothing quite like the shine of your new car's paintwork, so it's frustrating to see the glossy finish disappear under a layer of small scuffs, scratches and dents.

Any minor dents, scuffs or scratches you pick up, whether caused accidentally or maliciously, can be repaired on the bodywork and bumpers by our repair technicians. They come to you to make the repairs, and claims are quick to process via our UK based team.

## Why take out Minor Damage Insurance?

- You can make multiple claims per year.
- Any claims do not impact on your standard motor insurance, or affect your no claims bonus.
- Repair technicians come to you, at your convenience.
- Claiming is quick and easy, via our UK based service team.
- Talk to your dealer for more details.

Minor Damage Insurance is optional, and it is available from other insurance suppliers. Please note that the cost of Minor Damage Insurance may vary depending on differing levels of cover, and variable terms and conditions. Please ask for an Insurance Product Information Document which summarises all terms and conditions. Do check carefully when making comparisons.
